ABOUT US

WE ARE GIST MEDIA

We are a South-African based media house **with over 7 years' experience of creating and packaging quality video content.** We offer a package of services that includes various phases of production starting from development and up to post-production.

Our involvement in content creation starts from Development, Producing, Directing, Packaging content and continues well beyond delivery to the client and consumption by its intended audience. Everything we do leverages on our experience as a professional post-production outfit with a reputation of crafting cutting edge content.

OUR HISTORY

We form a contingent of content creators with nearly a decade worth of contribution to the entertainment industry under our belt and thus our catalogue of completed work tells the gist of our story. Through each project we undertook, the [Gist Media](#) brand has touched masses of audiences on prominent channels locally and abroad.

In the process, we produced hours of broadcast and corporate content, [we bagged two South African Film and Television Award \(SAFTA\) nominations](#), we trained a crop of creative industry hopefuls and best of all, we have a growing list of returning clients.

MISSION

To become **sought-after creator** and contributor to the global content industry by:

Harnessing a collection of skills and expertise to provide end to end content creation and telling authentic African stories that reshapes the world's narrative.

VALUES

Gist Media believes in leveraging a set of collective or shared values. These values informs everything we are and do, and most of all they help us deliver elevated experiences for our team, clients, and vendors.
